

## PUPPY BUYER QUESTIONNAIRE

This *completed* questionnaire will help us pick out the very best puppy for you, your family, and your lifestyle. Our Poodle puppies deserve the best. The best homes. The best owners. The best food. The best love. We've spent countless hours researching pedigrees, dogs, doing health tests, attending dog related activities to ensure that the puppies we produce are high quality, healthy, and sound.

In other words...an excellent companion for your family.

Combining this questionnaire along with a puppy aptitude test, will assist us in matching your family with just the right puppy.

It is important for you to realize that you do not have to be a professional Poodle person in order to purchase a dog from us. You don't even have to have experience with Poodles - only a genuine desire to make one a member of your family!

If your first impression is that we are too picky...**that's OK!** We are very selective on my puppy's forever homes, they deserve the \*best\* homes possible. Please note, we will not sell pups to be used in cross-breeding, doodle mixes, etc.

We believe that bringing a Standard Poodle puppy into your home requires a serious commitment. Please take the time to thoroughly evaluate your lifestyle before purchasing any puppy. If you need further information about our dogs or our breeding program, please do not hesitate to contact me directly.

The purpose of this questionnaire is to match each of our puppies to the perfect home for that puppy. As breeders we strive to produce genetically healthy Standard Poodles, as free as possible of genetic faults, with trainable temperaments. We are dedicated to screening homes and placing our puppies in the homes that will give them love, attention, care and training throughout their lifetime, as well as help each puppy reach its full potential as a show or performance dog, or as a cherished family pet. We love that Standard Poodles are a breed that is versatile enough to Do It All. We value competitive AND non-competitive homes that will love and cherish their poodle as a family pet. Please realize that completing this questionnaire is in no way a commitment on your part to purchase a puppy or on our part to sell you a puppy. It is simply a way to get to know you better.

If it appears we are breeding the type of Standard Poodle you are looking for, we will set up a time for you to come meet us and our dogs, or begin to communicate via phone/email if you are not local. In the event that we do not believe we will be able to produce the type of puppy you are looking for in a timely manner, we will be happy to suggest to you whom to contact next. Thank you for your interest in Glicks Standard Poodles and good luck in your search.

GLICKS STANDARD POODLES

NAME: \_\_\_\_\_

---

---

---

Please include any information you would like us to consider:

---

---

---

Are you willing to travel to Pointe Claire, Quebec, to pick your puppy up? Yes \_\_\_\_\_ No \_\_\_\_\_

Owner input is critical if a breeder is to keep track of the quality of her breeding program. Will you be willing to keep in contact with me? \_\_\_\_\_

Many people that get a puppy like to be in contact with the owners of littermates. Do we have your permission to give your name, address, e-mail or phone number to owners of your puppy's littermates?

---

If we do not have anything to suit your needs would you like us to forward your information to another reputable breeder? Yes \_\_\_\_\_ No \_\_\_\_\_

We would like you to come visit the puppies in our home after they are 2 weeks old and meet our other dogs. The reason for this is so we can get to know you better and determine what you are looking for in terms of type and temperament. Once you are attracted to a particular dog for instance, it gives us insight on which puppy would be most suitable for you. In case the right puppy arrives, we want you to meet and interact with the litter. A prospective owner may wish to come meet our puppies before they are ready to bring a puppy home. The advantage to this is you will develop an understanding of how we match our puppies to the right home as well as objectively learn to evaluate puppies without the emotional factor of knowing that one of the pups in the litter may be yours.

First and foremost every puppy produced is someone's pet and companion. We place puppies based on compatibility, not just the potential of a puppy to win or place in Show and Performance rings. Where you go from there is up to you. We encourage many types of competition including the show ring and performance venues such as obedience, tracking, rally, agility and instinct type sports such as hunt and herding, but want to see all of our puppies first and foremost get to have their own loving family. We can help you find the venue that best suits your pup if you are interested.

No puppy will leave our home until we are completely comfortable with the match we have made.

Breeding rights are extra according to our contracted agreement terms. All of our puppies are registered with the Canadian Kennel Club and are microchipped. You are asked to sign a contract that outlines our expectations from you as well as what you expect from us. A breeder can never guarantee that nothing will go wrong, as we are at some extent at the mercy of Mother Nature. Our health guarantee allows for reimbursement or replacement of your puppy. You will not be asked to return your dog. Our 5-year written health guarantee is in our PUPPY SALES CONTRACT. If you have any questions, please do not hesitate to ask.
